Satellite 1900-203/503/703

Satellite 1900 series

Maximum power and performance
for a world of mobile entertainment.

Choose freedom.

TOSHIBA

Power, performance
and **value**. Perfectly combined
for work and play.

These high-powered portables make anything possible, from **surfing the net** to video streaming, listening to music, burning CDs or playing the latest games. Cutting-edge technology, brilliant **multimedia entertainment**, extensive on-board communications, plus an affordable price, mean Satellite 1900 notebooks have exactly what it takes to **meet the demands** of today's PC users.

Satellite 1900

Power up your life

The stunning Satellite 1900 series puts state-of-the-art processing power in your hands. These groundbreaking systems are the first Toshiba notebooks to feature the Intel® Pentium 4 processor running at up to 2.2 GHz. You will find the difference astonishing! Supported by up to 512 MB RAM and up to 40 GB HDD, they stroll through multi-tasking, video streaming, image processing, 3D multimedia and games. All in a fantastic value-for-money package.

Stay connected

When you're taking your notebook with you wherever you go, it's good to know you can connect anywhere. A built-in modem gives you email and the Internet on the move, while integrated LAN links you instantly to office networks. Fast InfraRed synchronises data with your PDA, mobile phone or printer.

Start your digital lifestyle

Welcome to a fabulous new world of digital media entertainment! The CD-RW/DVD-ROM combo drive is perfect for playing DVD movies or burning your own music CDs. Use the TV-out port to connect to a TV screen, and you've got a great platform for interactive gaming, presentations or watching films. Excellent sound and leading-edge graphics adaptors – including the ATI Mobility™ Radeon™ graphics chip on the Satellite 1900-203 and 1900-503 – ensure a brilliant home theatre experience.

Look good, feel good

Run your hands over the case and get a feel for the Satellite 1900. Note the ultra-stylish design that turns heads. Admire the innovative features – such as the ingenious wrap-around stereo speakers that deliver impressive front and rear-firing sound. Experience the extra-wide palm rest with Touch Pad that makes these superb notebooks so easy and comfortable to use. These are beautifully designed PCs, both inside and out.

Making life simple

Satellite 1900 notebooks are built to run your life effortlessly. All-in-one hardware – integrated CD-RW/DVD-ROM, hard disk and floppy drive – means they're incredibly versatile. All the latest, most useful software is pre-installed, including Windows XP Home Edition and Microsoft Works Suite 2002*. Create photo libraries, manage your personal finances, write letters and emails and edit movies. These portable powerhouses do it all.

Expand the vision

The magnificent new Satellite 1900-703 gives you true desktop replacement features in a mobile format. Toshiba has integrated a dazzling 16.0" high-resolution TFT Super Fine screen, with enhanced viewing angle and the largest workspace ever on a Toshiba portable. Optimised with top-end NVIDIA GeForce4™ 440 Go graphics, the 1900-703 is an unbeatable option for all mobile CAD, games or graphics applications. This amazing PC also comes with a removable wireless keyboard and a wireless optical mouse. Just push the levers, take out your keyboard, sit back, relax and make the most of the 1900-703's enormous potential.
